Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

The objections of claims 1-10 have been overcome by the Amendment filed on October 08, 2004.

Applicants claims are directed to aminocarbonyl substituted benzoylpyrazolones and their method of use as herbicides. The closest prior art of record is to Baba et al, EP 0282944 A2. Baba et al teach pyrazole derivatives that are used as herbicides. The compounds claimed in this application differ from the prior art in that the compounds of the instant application have an aminocarbonyl group. The prior art neither teach nor suggest the compounds as described in this application.

Any comments considered necessary by applicant must be submitted no later than the payment issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submitions should be clearly labeled "Comments on Statement for Reasons for Allowance."
